Newborn Enrollment at Naval Hospital Beaufort

Helpful Hints for Selecting Your Newborn's PCM.

If your newborn has siblings, you may consider choosing that same PCM for your newborn. **Please list the name of the sibling's PCM as the 1st choice if you would like all of your children to have the same PCM.**

If your newborn has no siblings and a Family Practice Physician delivered your newborn, you may consider that **Family Practice Physician as the 1st choice for a PCM.**

If your newborn has no siblings and was delivered by an OB/GYN Physician, the Pediatrician who provided nursery care may be assigned as the PCM. If you would like this **Pediatrician** to be your newborn's PCM, **please list them as the 1st choice.**

Recommended Well Baby Appointments 228-5175/5198

Your newborn will need to be seen by his / her PCM frequently during the first year of life to ensure normal growth and development. Scheduled immunizations will be given at the time of the PCM visit.
